

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Matthew Kremer on 6-19-08.

The application has been amended as follows:

13. (Currently Amended) A method of manufacturing a layered filter structure, said method comprising the steps of :

providing a first layer, said first layer comprising a porous metal layer comprising a non-woven metal fiber fleece comprising long metal fibers;

providing a second layer, said second layer consisting of a self-supporting layer of short metal fibers which are sintered together;

bringing said first layer and said second layer in contact with each other to form a layered structure; and

sintering said layered structure.
